

Grow Your People, Grow Your Business

32% of employees are engaged.¹ How does your company stack up?

The stats are clear about the impact of low engagement: increased turnover and absenteeism, decreased productivity, increased costs, decreased patient satisfaction and more.

Even if you are measuring engagement, a survey isn't enough to create engagement or develop the culture you want for your organization.

- 

Assess current state
- 

Establish goals
- 

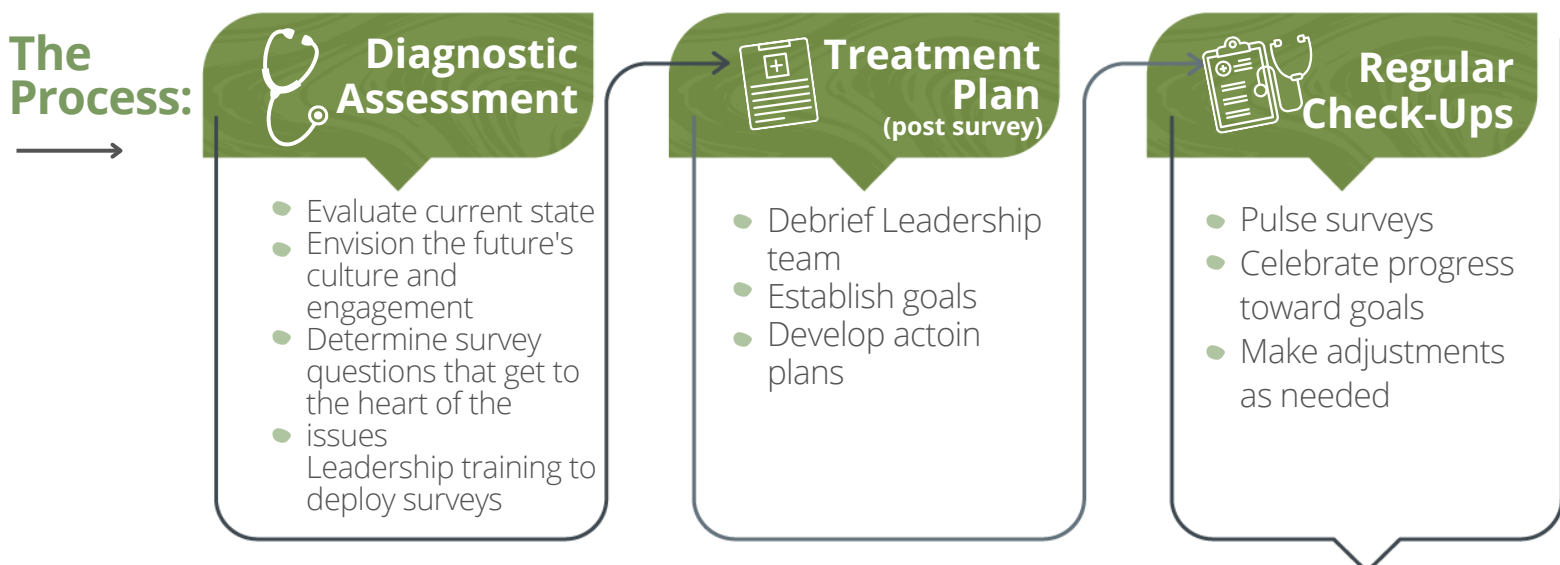

Create action plan

“

We have used the employee engagement program that Amy has developed for many years. We have seen improvements in the moral of staff as they are seeing the extensive work we are committing to this annual process. Amy's knowledge basis in employee engagement is phenomenal.

~ Kristy Wikum
President and CEO, Centrex Rehab
